

COMMUNICATION FROM THE CIK-FIA (COMMISSION INTERNATIONALE DE KARTING-FIA)

2007/08/a1

2007 CIK-FIA Review

On the occasion of the '2007 Karting Awards' organised in Monaco, the CIK-FIA published a colour 80-page book in a format similar to its yearbook. This publication reviews the highlights of the 2007 CIK-FIA Championship season, with a topic on each of the 2007 Champions and all the detailed classifications of the 2007 CIK-FIA Championships, Cups and Trophies. A few historical references and a portfolio of the six finalist photographs of the 1st CIK-FIA International Karting Photo Contest are also featured.

This brochure can be ordered from the following website (on page 2 of the catalogue): www.eshop.fia.com, at the price of 14 CHF (postage included).

Antidoping tests

As a logical follow-up to the antidoping consciousness-raising campaign jointly conducted in 2006 by the CIK-FIA and the FIA Institute for Safety, twelve antidoping tests were carried out during the 2007 CIK-FIA Championship season. These tests took place at Mariembourg (B) within the framework of the World Championship and of the World Cup for KF2 and at Sarno (I) within the framework of the World Cup for KZ1 and of the European KF3 Championship.

All the tests proved to be negative.

COMMUNICATION FROM THE CIK-FIA

(COMMISSION INTERNATIONALE DE KARTING-FIA)

2007/08/a2

Exclusion of the Entrant/Driver Mahé from Race 2 of the German round of the CIK-FIA European Superkart Championship for nonconformity of his fuel

Further to the fuel tests carried out after the last round of the 2007 CIK-FIA European Superkart Championship at the Sachsenring (D) and because of the nonconformity of the fuel sample taken at the end of Race 2 from kart No. 33 driven by Benjamin Mahé (F), the Stewards of the meeting have taken the decision to exclude the Entrant/Driver concerned.

The resulting new classification of Race 2 (from the 6th place) and new final classification of the Championship are on www.cikfia.com (<http://www.cikfia.com/News2007/Sachsenring.htm>).
